"Gina is absolutely the BEST at what she does! I have worked with her on numerous occasions and have referred some of my engaged girlfriends to her. There is honestly not another single human being I would entrust more with my wedding day hair and make up than Gina! I have had her do my make-up for a few photo shoots of mine, and I have been modeling for nearly 10 years now. I can say without a doubt that some of the work she has done on me I have not only felt my most beautiful, but continually use those particular shots from the shoots where she has been my stylist."

"Hair Comes The Bride was amazing to work with. I love that if you do not like the preview, they refund your money. This is why I chose them because I had done a trial with a different company and absolutely hated it. They made me look exactly the way I wanted to look and exceeded all of my expectations. They were a pleasure to work with. I felt like a supermodel. I would HIGHLY recommend them to everyone!"

"Let me just start off by saying THANK YOU! I am sooooo glad I decided to go with Hair Comes the Bride! My hair and makeup didn't quite come out how I envisioned... it came out even better! She knew exactly what I wanted and made me feel so beautiful. My only complaint is that I can't look like that every day! LOL..."

Sarah
